

will the FCC be true to its citizen mandate? Or will it be just one more tool of the stop-at-nothing-to-get-re-elected Bush administration... instead of acting RESPONSIBLY for all? Where is your conscience? Have you one?

Sinclair Broadcasting's decision to force their stations to air an anti-Kerry documentary—a tawdry, manipulative commercial—days before the election is outrageous.

Sinclair uses the public airwaves free of charge, and is obligated by law to serve the public interest. But when large companies control so much of the airwaves, we get what's good for the "powers that be" rather than what our democracy needs: Fair and balanced reporting.

Sinclair's actions show why we need to strengthen media ownership rules, not weaken them. I will work all the harder to make people how wrong Sinclair is, and how the present FCC is letting them get away with this. Prove me wrong. Show some gumption. Stop this kind of behavior.
